

AC-3 CLEANER

**CLEANS 3 WAYS
ACID
SOLVENT
DETERGENT**

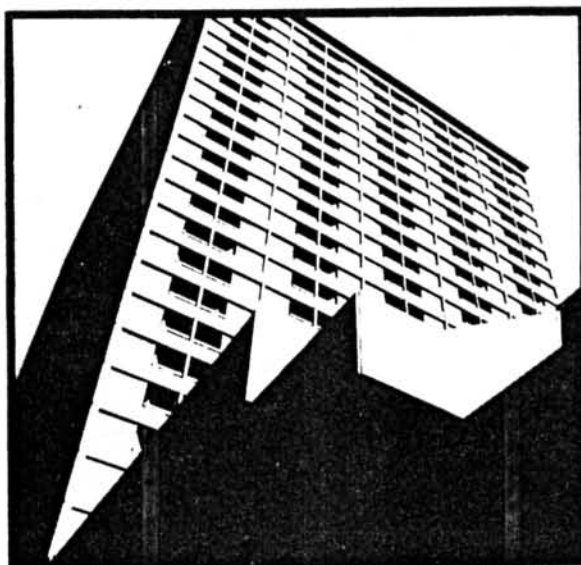

AC-3 CLEANER is one of the safest and most effective all purpose acid cleaner on the market. Compounded with a comparatively safe acid, strong detergent and solvents to provide a fast 3 way cleaning action. Accidental splashing will not cause skin burns or discomfort, nor will it harmfully effect most masonry surfaces. AC-3 Acid Cleaner has a pleasant clean odor and dispels no harmful or corrosive fumes.*

AC-3 three way cleaning action will penetrate deeply into the surface and will dissolve, dislodge and foam to the surface for easy removal dirt, oil, grease and scum.

AC-3 CLEANER removes cement drippings and waste from new surfaces. It will also clean and renew old weathered and stained concrete

and masonry buildings and prepare the surface to receive weather-proof treatment or paint.*

AC-3 will remove efflorescence, dirt and rust stains from concrete, ceramic tile, terrazzo, marble, slate, stone and porcelain bath fixtures.

AC-3 may also be used on metal surfaces to remove grease, dirt and oil. Cuts zinc coating and film. Brightens and cleans off oxidation. Etches and cleans concrete floors for painting.

***CAUTION:**
Since AC-3 contains acid and other strong cleaning agents, it should be used with care. Protect eyes, skin and surrounding areas. User should make test sample, allowing it to dry thoroughly to determine its suitability for job conditions and requirements.
