in large quantities.

## PHYSICAL PROPERTIES

Color-clear to slightly yellow  
Odor- Orange aroma  
Specific Gravity- 0.838-0.843  
Flash point- 140F  
Boiling Point- 349F  
Evaporation Rate- 0.2(BuAc=1)  
Water solubility-Slight

## DIRECTIONS FOR USE

Use in a parts washer full strength  
Spray apply and wipe off  
Allow part to air dry before  
proceeding.  
When Solve-All # 2 becomes  
dirty, replace with clean solution

## PACKAGING

Available in 1 gal. cans  
5 gal. pails  
55 gal.drums

## OTHER USES

Cleans grease traps, Paint Brushes  
Equipment tool cleaner  
Brake cleaner, Paint Line Flush  
Adhesive tree sap remover  
Asphalt & tar remover  
Odor control agent  
Blanket roller wash  
Mold release agent
